ALIASES:

DEHNKE, Manfred Peter (also Peter Manfred): born 5 Feb 22 in Berlin; living Frankfurt/Main, Gublenstr. 42; KK: HE 16-2674; Cover Unit: in Jan 54 issued Interrogator Card GB-0503 by 7930 Special Topographic Unit.

TRAUBE, Fritz: Name used in meetings with Karl KRICK (see below)

TRAVEL:

Airlift Travel Permit issued in name Fritz DORN in Jul 55.

Airlift Travel Permit issued in name Manfred Peter DEHNKE in May 52 and Jun 54.

NOTES:

1. DORN was originally hired as an interrogator targeted against the KVF. At this time DORN worked under UV 131 of BV E, which was headed up by Hans Guenther BURNAU.

2. In May 51 DORN assisted by BURNAU recruited Karl KRICK, former member of the SS and Hitler's personal body-guard. The recruitment was formalized in August 51, and KRICK worked for USSTING until January 52 when he went to the police in Berlin and claimed BURNAU had threatened him with a gun to force him to reveal certain information. Investigation of BURNAU revealed KRICK as an SSD man who was working against BURNAU. BURNAU was exonerated and KRICK was sentenced to prison, but the resulting publicity blew BURNAU, DORN, and several other members of BURNAU's organization to all the Western and hostile intelligence services. See KRICK Flap for details.

3. At one time during this period DORN was Leiter of Filiale 000 of UV 131, and was subsequently given ~~negative~~ status for a time. It is likely this was done in connection with the KRICK Flap.

4. In May and June 1952 DORN received training in positive operations.

5. In March and April 1953 DORN was arrested three times on suspicion of espionage resulting from attempts to interrogate or debrief East Zone refugees. Following the third arrest USSTING was cautioned that DORN would be unwelcome in Berlin if he continued to be involved with such operations. There is no subsequent arrest record.

6. As of March 56 DORN was still working in Berlin as an interrogator targeted against the KVF.
